

## DIGITAL ASSET MANAGEMENT IN LIBRARIES

*Németh Ágoston, [aug@aleph.exlh.hu](mailto:aug@aleph.exlh.hu)*  
EX-LH Kft

Today's library collections include ever-increasing quantities of digital content-text requiring sophisticated tools for asset management. The DigiTool of Ex Libris answers those problems to create, manage, preserve and share digital objects and present it for the public in a continuously changing technical and legal environment.
