GÉANT2 PERT (Performance Enhancement and Response Team)

JÁKÓ András, jako.andras@eik.bme.hu BME EISZK

PERT (Performance Enhancement and Response Team) is a new service of GÉANT2 for its customers, that is, for us. The aim of GÉANT2 PERT is to troubleshoot network performance related problems. I will present the service itself, what it can do for us, and how can we use it.
